S.Y.B.Sc. ENVIRONMENTAL SCIENCE INTERNAL ASSIGNMENT (5 marks)

SEM-III,2022-23.

All S.Y.B.Sc (A,B,C,Computer science,Computer application and Biotech. divisions) students are informed that they have to submit an assignment of 5 marks for EVS course.

The questions for the assignment are as follows:

- Q1. Define an ecosystem. Write about its structure and functions
- Q2. What is biogeography? Enlist the biogeographic zones of India. Give examples of biological diversity found in these zones.
- Q3. Explain the terms- Hydrosere and Xerosere.
- Q4. Explain desertification and its causes (any two).
- Q5. What are the methods of conservation of biodiversity? Give examples.

Following guidelines are important for preparing the assignment:

1. The assignment should be handwritten and converted to PDF.
2. Students should upload a single PDF file on Google classroom with a maximum size up to 1MB.
3. Joining the Google classroom is compulsory.
4. Links for Google classroom are shared on whatsapp groups.
5. Students should upload the assignment before 05/01/2023, in any case late submissions will not be accepted.

Mrs. Amrita Naik
